# everSTRAND BCF

A family favourite, Everstrand carpets are created through a process of transforming rigid plastic bottles into soft, strong fibres. Each fibre is surrounded by a layer of Scotchguard, providing an invisible shield against dirt and soil. Everstrand provides you with a range of carpets that are durable, good looking, feel great and have an environmental edge.

# SmartStrand!

It's just better! Environmentally friendly, Smartstrand is created using corn, which makes it soft and incredibly durable. The stain resistance is built into the carpet fibre, meaning it cannot be washed off or worn away. With over 100 colours and over 30 styles to choose from, Smartstrand is simply the better choice.
